

# Gov may Disburse ₹13k cr Under PLI Scheme this Year

DPIT secy says 60 quality control orders are also in the works

Our Bureau

New Delhi: The government is likely to disburse around ₹13,000 crore to eligible firms seeking benefits under the production-linked incentive (PLI) schemes, amid an ongoing exercise to tweak the scheme for those sectors that have not yet picked up well, industry secretary Rajesh Kumar Singh said Friday.

He also said that 60 quality control orders (QCOs) are in the works this year for products such as consumer goods, rubber, paper and light engineering items with an aim to contain imports of sub-standard goods and boost domestic manufacturing.

So far, 33 QCOs for over 127 products such as ACS, refrigerators, pipes, and safety valves have been issued. "Right

now, we are processing 60 new QCOs in association with BIS. These are crucial not only for the safety of consumers but also to improve quality standards," said Singh, secretary, Department for Promotion of Industry and Internal Trade (DPIIT). On the PLI scheme disbursement, he said: "I think (the disbursements) will go to about ₹13,000 crore this year".

The government has disbursed ₹2,900 crore till March 2023 out of ₹3,600 crore claims received under the scheme so far. Singh said that from the current year onwards, the disbursement will be significantly larger.

On the disbursement of the full fund, he said "It is difficult to say as so many factors come into play but we expect that during the tenure of the scheme, a good part will get exhausted".

The amendments make a distinction between online gaming and online money gaming, brought payments received and winnings paid in virtual digital assets (VDAs) by online gaming companies and casinos under GST and makes registration mandatory for a person supplying online money gaming from overseas location.

The bills passed by both the houses lay down simplified GST registration for such overseas suppliers and empowers authorities to block websites or platforms of non-compliant suppliers. These amendments will not affect the tax on casual online ga-

# Parl Passes Bills to Levy 28% GST on Online Gaming

Our Bureau

New Delhi: Parliament Friday passed bills to amend the Central and integrated GST laws to levy 28% on online money gaming, casinos and horse racing.

The amendments make a distinction between online gaming and online money gaming, brought payments received and winnings paid in virtual digital assets (VDAs) by online gaming companies and casinos under GST and makes registration mandatory for a person supplying online money gaming from overseas location.

The bills passed by both the houses lay down simplified GST registration for such overseas suppliers and empowers authorities to block websites or platforms of non-compliant suppliers. These amendments will not affect the tax on casual online ga-

ming which doesn't involve real money or betting or wager. The GST Council had decided to implement the 28% tax from October 1. States will have to amend their GST acts to facilitate the implementation. Online money gaming is defined as online gaming in which the player pays or

deposits an amount in the expectation of winning some amount in a game or event. "The Government has stuck to its guns and not made a distinction between games of skill and games of chance," Rajat Rouse, Partner, Shardul Amarchand Mangaldas and Co.

Place : Rajkot State Bank of India, RACPC

### Centre Releases Buffer Onion Stock to Check Prices

New Delhi: The central government has started releasing onions from its buffer stock to tame the rising prices of the staple, the department of consumer affairs said in a statement.

Onion prices are inching upwards with All India Wholesale Consumer Price going up from ₹2,001.25 per quintal on July 10 to ₹2,122.07 on August 10, an increase of 6.04% on account of lesser kharif sowing in the main producer states of Maharashtra and Karnataka.

The average under onion in rabi 2023 (December 2022 to January 2023) is also estimated to have been lower on-year by 3-5%. This is estimated to have resulted in approximately 6% lower output on-year, according to a report by Crisil.

The department had earlier decided to maintain a buffer stock of 30,000 tonnes of onions in the 2023-24 season. In 2022-23, the government maintained a buffer stock of 25,000 tonnes.

Buffer stock is maintained to meet any exigencies and for price stabilisation, if rates go up significantly during the lean supply season.

Rohit Kumar Singh, secretary, department of consumer affairs, met with the officials of NAFED and NCFP on Thursday to finalise the modalities for the disposal.

### Within Rights to File Plea Against SpiceJet, Willis Lease tells NCLT

Ishaan.Gera @timesgroup.com

New Delhi: Engine lessor Willis Lease Finance Corporation Friday told the National Company Law Tribunal (NCLT) that it was well within its rights to file an insolvency petition against SpiceJet.

WLFC said its service agreement with four operational creditors, read along with the lease agreements and emails from SpiceJet acknowledging the debt to WLFC, established its right to file a petition against the airline for failure to pay lease rent and usage charges on 11 engines. WLFC claimed that Article 1 Section 10 of the service agreement allowed the creditor to collect lease rent and other charges on behalf of engine lessors and "take reasonable efforts to enforce rights and remedies of the lessor under the lease in the event of a loan payment by relevant due date".

Senior counsel for WLFC further pointed out that the lessor "has the absolute right to transfer to any person all of the rights under the general terms agreement". The tribunal has been demanding that WLFC satisfy how it could file an insolvency petition against SpiceJet under Section 9 of the Insolvency and Bankruptcy Code, 2008, when it was not a lessor and when there were four different operational creditors involved in the case.

At the last hearing, the senior counsel for SpiceJet questioned the maintainability of the plea filed by WLFC, pointing out that the law did not permit four operational creditors to file a single Section 9 petition and that WLFC couldn't, in any case, file a plea as it was just a service provider. The matter has been listed for September 11.
