

Method 1 - Use a chain whose length you like

- Measure the full length of the chain by laying it down on a flat surface in a straight line.
- Measure it from one end of the clasp to the other.
- Then, note the length.

Method 2 - Measure with a string

- Wrap a string around your neck like a necklace and adjust it to the desired length.
- Mark where the string meets with a pen.
- Then, measure the string and note the length.
